Your time should be spent bringing innovations to life. Let RH-USA help bring them to market.

RH USA is a wholly owned subsidiary of RH Electronics, the largest contract manufacturer in Israel. Through our parent company, we are globally connected; poised to bring you every advantage of the worldwide economy. Through our highly personalized service, we are focused; dedicated to achieving all your post-development goals.

OUR EXPERTISE

We specialize in highly complex medical device, Class IV laser and intense pulsed light systems. With decades of successful problem-solving behind us, our team of professionals has the experience and commitment to get your innovation from prototype to pilot seamlessly and within budget.

And that's just the beginning.

RH USA Inc. is a comprehensive contract operations resource, located adjacent to Northern California's Silicon Valley. Unlike typical contract manufacturers, we specialize in providing a customized, best-fit solution for each of our OEM clients. From collaborative final design to regulatory assistance; supply chain optimization to after-market support, we provide quality, cost-efficiency and most importantly, time.

Whether you are seeking engineering improvements for your beta design, CE mark for your newest generation or repair and refurbishment for your mature product, we have the tools to make it happen. With state-of-the-art systems, and one-on-one support from professionals who have seen and done it all before, RH USA is your ideal post-development partner.

OUR SERVICES

Development is your core competence. Manufacturing Solutions are just the beginning of ours.

Partnership with RH USA offers state-of-the-art manufacturing infrastructure, comprehensive support capability and broad-reaching expertise with none of the investment. Your dollars are best spent bringing your innovations to life. Let RH USA help you bring them to market.

CONSULTATIVE SERVICES

We offer post-development advisory services for OEMs seeking input and recommendations for specific issues, as well as those requiring more far-reaching strategic advice. Custom advisory is available in terms as short as 90-days. The initial consultation is always free!

SUCCESS BEGINS WITH QUALITY

RH USA is an FDA-registered manufacturing facility. We are ISO 13485:2003 certified and Good Manufacturing Practices/QSR compliant. Everything we do is accomplished with the highest standards in mind, and in practice.

MANUFACTURING SOLUTIONS

- Unique Prototype-Pilot Build Efficiencies
- Novel, Cost-Efficient New Product Introduction
- Overall Lean Manufacturing Strategies
- Repair & Refurbishment Programs

Class II Medical Devices • Class IV Lasers • Intense Pulsed Light Systems • PCBA Assembly & Test

SUPPLY CHAIN OPTIMIZATION

- Prototype Resourcing
- Supply Contract Negotiation
- Supply Chain Efficiencies
- Maximum Upward and Downward Flexibility
- Sophisticated Materials Requirements Planning (MRP)

REGULATORY GUIDANCE

- Documentation Compliance Services
- CE Marking

AFTER-MARKET SUPPORT

- Technical Service
- Advance-Exchange Replacement
- Best-in-Class Turn-Around-Time
- Comprehensive Diagnostics
- Customized Trend Reporting

Services
